A letter to our customers

October 12, 2026

Dear Customer,

Thank you for trusting Hunter Compressor & Engine. This catalog lists parts we have sold from January 2020 through October 2026. Each line is a part number and the main description only — an O-ring, a piston ring, a gasket, a valve, and so on.

If you do not see the part, ask. We will look. That is how we work: you tell us the unit, the frame, and what you need, and we search our file and our shelf and come back to you. Call or email and we will do the looking.

How to find a part

Open this file and press **Ctrl+F** on Windows or **Command+F** on a Mac. Type the part number, or a word such as gasket, O-ring, or piston ring. The table of contents gives the page for each part type.
